shows the 'A Fire in the term of the term who are not charmed a processed and others officing a person who are not charmed a processed and the fluctuation of decorporate. In an reporting cases where there is given certifiers of an input at his lang been dengaged in again it has been testified, for instances that already to the state of the se who are vanquished in fights go tenths broughed, while the other library are often so badly harborists where that they had been be a take. It was also drawn out from rather with the such instances the lattered cases kept out of the stay of tacterial and other officers as monor as possible. But were forced to attend rectanions from two to throst times a day, when their instructors necessarily hust have seen their instructors necessarily hust have seen their lattered constituted to their own makes as to the cases. It is fact that these instructors and their dealed or on to report the names of such cadets to the present of the present recently in the fact in their own makes as to the case, it is fact that these instructors and their dealed or on the present of the present recently in the fact of a binding of the present recently on the same of the state of the standard them officers as monor as possible. But were forced to attend rectanions from two to throst times a day, when their fastructors necessarily hust have seen their fastructors necessarily hust have seen their lattered constituted to the present the present of the standard process of the standard process. It is fast that the sufficient to fast the make the standard process. It is fast that the sufficient to fast the present of the standard to see that are in the standard to see t in their own mands as to the cases. The fact that these instructors did not best called dream to report the mands of such cadets to the disciplinary efficers was regarded by some of the committeemen as a defect which was seriously in the way of attempte to uppost the fighting traditions.

Judge Shelth questioned Col. Mills rather closely upon this point, but before he did so he asked the superministent several questions as to the sale of affairs that existed in the Academy kills, and its response to questions from Mr. Shalte, builted that there were no scrappling committees in the cadet, and its response to questions that the serious has been described here. Q. Weng kines any of the fights, such as have been described here. They are, as I understand it, a growth of the importance of this existence of the methods of getting evidence of fights was finally reached, was about the cases of bender and Lance Bender and Lance are interesting in the conference of the subject of the nachods of getting evidence of fights was finally reached, was about the cases of bender and Lance Bender and Lance are interesting in the conference of this indicates who are in the fourth and may be forest the subject of the nachods of getting evidence of fights was finally reached, was about the cases of bender and Lance Bender and Lance are interesting in the conference of this land would be true that the conference of the subject of the nachods of getting evidence of fights was finally reached, was about the cases of bender and Lance Bender and Lance are interesting in the conference of this land would be true that the conference of the subject of the nachods of getting evidence of fights was finally reached, was about the cases of bender and Lance Bender and Lance are interesting in the conference of this land would be true to the conference of the subject of the nachods of getting evidence of fights was finally reached.

Bender and alone are interesting in the conference of the first clare. It is in the conference of the conference of

to sell my manufactured furs. When a customer desires to buy a genuine article and can purchase at about the cost of skins and manufacturing he is buying at a bargain indeed.

I handle only the Leipzig dyed Persian Lamb, Moire, Persian, &c., the handsomest in the world, which retain their pristine beauty for years.

If garments cannot be found in stock to fit they will be made to order without extra charge.

I have a large stock of all kinds of fur skins, Persian, Seals, Sables, Mink, &c. I desire to keep my skilled work men employed; they are willing to work for less wages now than in the busy season, thus enabling me to manufacture goods to order at lower prices than in the busy season.

NOTE-I do not sell blended Russian or Hudson Bay sable or mink. Parties who have orn on Philadelphia, and during the purchased that class of goods elsewhere com-served with distinction as a Captain plain of their mottled, shabby appearance is distincted in Central and South Bouth after being worn.
